

Paseo Master Association  
Presidents Report  
July 2022

We want to thank the members and the KW staff that participated in the “Java with Jenn and Jess”. This is a great opportunity for members to ask questions and suggest improvements to the staff responsible for both the F&B operations and entertainment. Another session will be held in early August where they will provide feedback to ideas presented at the prior meeting and members will have the opportunity for more input. The plan is to continue to have these about once a month or as needed. This is an excellent way for members to provide input to our staff and I encourage members to attend.
