

Paseo Master Association
Presidents Report
May 2020

We want to thank Grant for his service on this Board. This type of service is one of the most difficult volunteer roles any could undertake. The responsibility of our HOA president is to protect, maintain and enhance the common property and amenities and to protect members and guests. Grant distinguished himself by handling all of these responsibilities in exceptional fashion. He led us through very difficult times and leaves this board with the community well maintained, financially sound and with improved facilities and amenities. On both a professional and personal level we are grateful for his service to this community.

These are difficult times presenting this board with very tough decisions to make. We ask all members and guests to act safely at all times. Please follow safety guidelines issued by the government authorities and our management company. As our community begins to reopen under the state's phase one guidelines we need your help to make this safe and enjoyable.

I would like to thank all of the KW staff for the hard work and the positive attitude during this difficult time. All of the feedback that I received from the community relating to the management and staff over the last few months has been positive. Also, thanks to all of the volunteers who helped with all of the projects that were completed recently. This benefits the community financially and in terms of timing of the projects.
