

Paseo Master Association
Presidents Report
August 2020

This is a slow time of the year for the village center so the Maintenance committee and staff have been busy with improvement projects. I want to encourage members to listen in on the upcoming finance workshops. These workshops are a valuable source of information on our current financial situation and the 2021 budget. Member input is very valuable to this board. Also, we encourage your suggestions on improvements we can make to the village center and the amenities that could be included in the budget. Ideas for long term improvement projects are also appreciated.
